# THE MISSION

# EXECUTIVE SUMMARY

This past year proved to be another challenging one for the North Carolina Justice Academy, yet the staff continued to perform and provide excellent service to the law enforcement community within the state. We continued to strive to ensure that we met our goals and mission as an academy. With the budget crisis, there was no hiring during the last half of 2009. At the beginning of 2010 we were finally able to start filling some critical positions, including the Instructional Support Services Manager and the Librarian. There was a lateral transfer to ensure the best possible use of personnel.

We were fortunate that several of our capital projects were approved and funds allocated before the budget crisis began. Our renovation of the gymnasium and the Royal Classroom Building were completed at the beginning of 2010. The newly renovated gym provides spacious locker rooms, CSI classroom, crime scene apartment, weight room, indoor running track, a large defensive tactics room and a functional jail cell. Improvements to the Royal Classroom Building include a new computer classroom, a 30 student capacity classroom and interior updates and repairs. Planning continues for an indoor firing range to be located at the West Campus.

A NCJA Equal Employment Opportunity Committee was established that has been very active in the last year promoting the academy in both Henderson and Sampson Counties. This group made suggestions for staff development opportunities especially support staff. Some of these opportunities have included a basic computer class for the maintenance and housekeeping staff, the introduction of one hour trainings called Munch 'n Learns, and coordinating training for supervisors and managers with the Department of Justice (DOJ) in Raleigh.

With personnel being frozen for part of the year, options to help provide assistance to the staff for projects was sought. We have been working to build community awareness about the North Carolina Justice Academy in both communities where our East and West Campuses are housed. West Campus sent employees to work at the booth with the NC State Highway Patrol at the Western State Fair and during the North Carolina Apple Festival in Henderson County. The East Campus had a ribbon cutting for the gym renovation project, along with an open house. The open house provided an opportunity for local residents and law enforcement to tour the facilities. Local law enforcement, local EMS, local fire departments, NC Wildlife, SBI, ALE, DMV, and NC State Highway Patrol provided displays and/or exhibits.

Through all of the economic challenges of this past year, the North Carolina Justice Academy staff has continued to demonstrate their professionalism and commitment to the performance of their jobs. They have provided training and assistance to law enforcement professionals from 27 states, as well as federal agencies and international agencies during the past year.

# MISSION

The mission of the North Carolina Justice Academy is to improve the quality and effectiveness of criminal justice services to the citizens of North Carolina through research, education, training, and support for criminal justice and related personnel.

# CORE VALUES

Everyone at the North Carolina Justice Academy is dedicated to meeting your needs in the best possible way. In everything we do, we strive to build a quality conscious organization that attends to your training needs. The following Core Values establish certain inviolable standards of quality of professionalism and let you know what you can expect from us.

We will provide quality training to our students. It will be current, consistent, correct, and applicable to on-the-job experiences.

We will put our students' interests first. We will help them achieve their goals by putting their needs first. We seek their input in all that we do.

We encourage and support our staff's creative, innovative ideas and practices. We are committed to a quality work environment and the professional development of each employee. Our staff is our greatest resource.

We will treat all people fairly and in an unbiased manner and will establish an environment conducive to this. All persons with whom we interact will be treated with respect and courtesy.

We will ensure that our learning environment is comfortable and clean and attends to both the routine and special needs of the students.

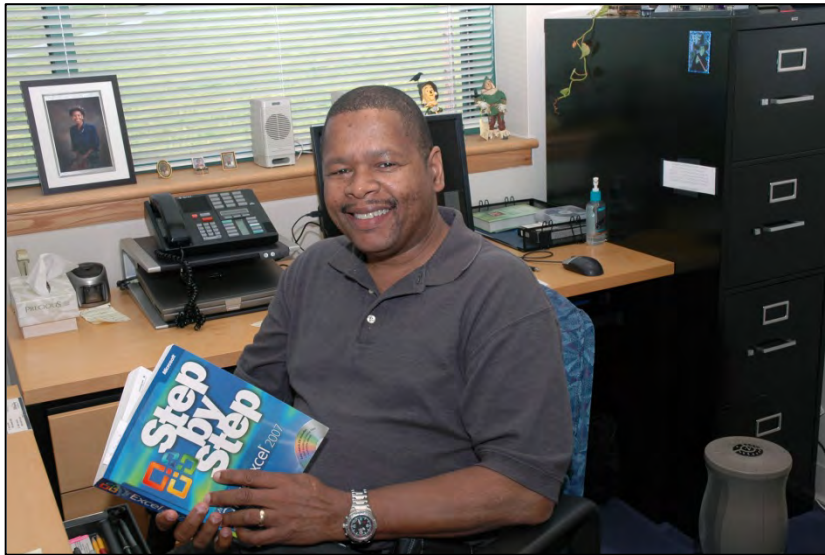

We believe that students learn best when they can practice skills and apply them to their job setting. Our training will emphasize "hands on" experiences in the classroom.

We are representative of the Academy and Department of Justice. We will act and look professional at all times.

We strive to be leaders in innovative practices, programs, and technology, assisting our clients in addressing present and future needs of the citizens of this state.

We'll not forget that we ultimately serve the citizens of North Carolina and therefore we will manage our organization's resources effectively and efficiently.

# THE TRAINING HIGHLIGHTS

## COMMISSION/IN-SERVICE CENTER

Under the supervision of Training Manager, Mark Strickland, there were several personnel changes during the past year. At the beginning of 2010, Susan Gillis joined the center taking responsibility for Telecommunicator training. Jennifer Fisher transferred into the center to provide experience with in-service training. Mark Priest was a presenter at the 2010 Innovative Technologies for Corrections Conference in Ft. Lauderdale, FL in June. Mark's presentation, "The Integration of Less Lethal Technologies in CERT Operations," focused on how less lethal technologies allow tactical CERT teams to handle large-scale disturbances with a smaller number of tactical officers. Kristi Jernigan continued to manage the grant funding from the Governor's Crime

Commission which enabled the creation of online training in the areas of crime victim services. Four additional courses were developed for the Learning Management System (LMS) with grant funding during this time frame to include: "Domestic Violence: Lesbian, Gay, Bisexual, and Transgender Relationships," "Introduction to Child Abuse Investigations," "Introduction to Interviewing Skills in Child Abuse Investigations," and "Introduction to Investigative Response to Child Abuse." Kristi Jernigan and Janet Dunn converted several in-service lesson plans into courses for the LMS. Leila Humphries continued to coordinate and manage the Instructor Training course for the Academy. Her hard work and passion continued to make this program successful.

# INVESTIGATIONS CENTER

The Investigation Center is led by Tanya Chapman, who is based at the West Campus. The Criminal Investigator's Certificate Program (CICP) which is coordinated by Kevin West was revamped and updated in the fall to allow for a smoother method of tracking course completions. New guidelines for acceptance were also established. By February there were 600+ active students in the program and 400 graduates. Michael

Glenn delivered the initial Emergency Response Diver Course, and it was well attended. The Investigations Center updated and began offering expanded course offerings in Narcotics Investigation beginning in spring of 2010. Kevin West worked on the development of the new Advanced School Resource Officer curriculum to include focus on the response and mitigation of active shooter situations.

# LAW ENFORCEMENT LEADERSHIP CENTER

At the beginning on 2010 the Management/Supervision Center was renamed the Law Enforcement Leadership Center. Dan Heinz provided management for the Leadership Center until his retirement in the spring of 2010. Heinz provided an outstanding presentation on interviewing and detecting deception during the 40-hour pilot of the revised Background Investigations course. Gary Dudley, Instructor/Coordinator, revised the

Field Training Officer course. There were 18 graduates from the 2009 Management Development Program (MDP) and 18 students were enrolled in the 2010 Management Development Program. Instructor/Coordinator Josh Phillips developed the New Sergeant's Course, which is a three day course for newly promoted officers or those anticipating promotion.

## LEGAL CENTER

Gayle Kemp, Agency Legal Specialist worked on two new courses, K-9 Legal Issues which started being offered in spring 2010 and Juvenile Law which began being offered in fall 2010. Agency Legal Specialist, Dave Shick along with Adjunct Instructor, Tim Fuss, successfully piloted the newly revised 40 hour Background Investigations course. This course provides information necessary

to perform pre-employment investigation of new applicants. Malea Drew, Agency Legal Specialist, in collaborative efforts with the Duplin County Sheriff's Office completed the coordination and pilot of two simultaneous modular Police Law Institutes.

# TACTICAL/TRAFFIC CENTER

Jennifer Fisher accompanied a member of the US Attorney's Office on a trip to Pristina, Kosovo in September to assist with an assessment of domestic violence and human trafficking resources. Instructors, John Combs and Chad Thompson, have had articles published during the past year. Combs' articles included "Developing Voluntary In-Service Wellness Programs & Validating Mandatory Fitness Standards," which was a three part series. Thompson, an Academy firearms instructor, authored "Ultimate Officer's Survival Training: Simulating the Stress of Deadly Struggles with USPSA/IPSC Competitive Shooting." In addition, Thompson coordinated the International Association of Law Enforcement Firearms Instructors Conference in November with 111 participants. In the spring of 2010, Roger Miller, offered technical assistance at the National Institute of Justice Tactical Technology meeting in Jacksonville, FL. Miller also traveled to Washington, DC, to provide technical assistance at a National Institute of Justice Operational Research Technology meeting. In May, Miller hosted an Advanced Subject Control & Countermeasures course that was conducted by the Police Survival and Defense Institute.

Kris Merithew continued to strengthen his relationship with the NC Governor's Highway Safety Program and has been successful in obtaining traffic grants. Kris Merithew conducted a "Motorcycle Crash Investigation" course for the US Marine Corps and the Department of Homeland Security at Camp Lejeune in Jacksonville, NC. Coy Poole hosted several "Taser Instructor" courses which were taught by Taser International. Poole hosted

an Event Security Planning for Public Safety Professionals course conducted by the Rural Domestic Preparedness Consortium – Department of Homeland Security and an FBI Hostage Negotiations course in October. The later course was conducted by the crisis negotiation staff from the FBI and the NC SBI. Poole also coordinated four courses conducted by BAE Systems which included "OC Aerosol Projectors Instructor," "Specialty Impact Instructor," "Chemical Munitions Instructor," and "Distraction Devices Instructor." Dan Worley, an Academy driving instructor, conducted a "Pursuit Policy Train-the-Trainer" course which was taught by the staff from the Association of Professional Law Enforcement Emergency Vehicle Response Trainer (ALERT International) in conjunction with the International Association of Directors of Law Enforcement Standards and Training (IADLEST) and the National Highway Traffic Safety Administration (NHSTA).

# INSTRUCTIONAL SUPPORT SERVICES

Julian Chris Anderson replaced Mark Strickland as the Support Services Manager in January of 2010. His excellent technical skills, along with experience and knowledge of on-line learning were great assets for this department. The Academy's on-line learning system (LMS) continues to grow

with courses and will become even more active next year. Vicki Pope, Media Technician spent many months of diligent work to build and launch the new website for the North Carolina Justice Academy. As new website was introduced, positive feedback began to roll in.

## LEARNING RESOURCE CENTER

The Learning Resource Center (LRC) has over 23,000 books, technical reports, and reference material on a variety of subjects, including investigations, forensics, police administration, traffic safety, leadership, communications, and North Carolina history. It also has law enforcement training materials and policy manuals, as well as one of the largest legal collections in eastern North Carolina.

Anthony Aycock, the new library supervisor, is extremely knowledgeable and working hard to introduce new materials and services for the students and staff. Recently, there have been many new titles added to the shelves. Aycock also published

an essay in the Spring 2010 issue of the Missouri Review entitled, "Six Books About Books."

One of the favorite additions has been popular DVDs available to check out. New programs are being implemented to increase volume of activity by students and staff of the LRC. Students are on campus sometimes for weeks and this provides entertainment possibilities for them. Kitty Peak continues to manage the audio visual center and is always ready to help out with equipment problems or any request. Elaine Beatty provides support in the evening hours for students, receiving many compliments on her service.

*Anthony Aycock, Librarian*

## VIDEO PRODUCTION UNIT

Under the guidance of Valerie Coffey, TV/Media Services Coordinator, the video staff provides service for not only the Academy but many agencies across North Carolina. Brad Ellis and Bryan Miller, both TV Producer/Directors, provide their creative touch to DVD's produced for training and events coverage. Kristi Hyman,

Chief of Staff of the NC Department of Justice, was very appreciative of the service and dedication provided by the video unit to the Streetsafe Task Force. Miller received another LEVA SILVER SHIELD Award for his work on "Tarnished Badge" which was an awesome documentary video.

## GRAPHICS, DESIGN, AND PRINT SHOP

Artist-Illustrator Barbara Yow completed more than 18,222 jobs from 756 requests for the Academy staff and other criminal justice agencies during the course of the fiscal year. Yow provides a great deal of support with PowerPoint aids. She also provides photography during annual training events such as the SWAT Competition, Telecommunicators' Training Conference, and family day. Yow provides many images for use in notebooks, certificates, booklets, training calendars and numerous other design products she creates.

Marla Norville, Media Technician for the West Campus completed 266 requests which represented 3,758 jobs during this year. This past spring Norville was honored

when her design was chosen as the new logo for the International Association of Directors of Law Enforcement Standards and Training (IADLEST).

The print shop is a two person operation lead by Sheila Smith, Printing Unit Supervisor. Smith along with Jeffrey Swartz, Printing Operator, turned out over 6.8 million impressions while completing 724 jobs for the Academy staff and other criminal justice agencies. The shop prints many of the booklets for courses as well as materials for groups like the NC Police Executives Association's annual training conference and the NC Sheriffs' Association conference. Services from the print shop are in high demand, keeping the unit busy.

Artist/Illustrator*

## RESEARCH UNIT

Charles Rambeau, Criminal Justice Specialist, has been very successful working with the Governor's Crime Commission and writing successful grant proposals for different centers. Rambeau maintains documentation and reports for course testing and evaluations. He also maintains and provides quarterly reports from the Academy Services Survey. Rambeau has his General Instructor Certification and has taken over responsibility for teaching the course Measuring Training Results. In fall of

2009, Rambeau along with Tami Warren, Administrative Assistant, developed and implemented a new employee training database for the academy.

In March 2010, Criminal Justice Specialist, Gloria Slade retired after 35 years of service. She was the Academy's Accreditation Manager and with the upcoming CALEA Reaccreditation On-Site coming up next year, it will be vital to fill this position soon.

## CAMPUS OPERATIONS

This year construction on two major capital projects was completed at the East Campus. The old gym structure was replaced with a new one. This renovation provides the East Campus with a state-of-the-art Crime Scene Investigator (CSI) training lab with a crime scene apartment, a new weight training room, classrooms, physical skills training areas, and a walking track. The Royal Classroom Building renovation provides better access areas, a new computer lab, and another larger classroom to hold 32 students. Funds to update the Administration Annex building to remove

environmental hazards and bring the facility in line with current ADA and life safety codes are appropriated, and this project is scheduled to be complete in the fall of 2011.

At the West Campus, a new boiler system for hot water was installed to accommodate the 42 dorm rooms. Funds have been appropriated to build a 12 lane in-door firing range at the Edneyville Campus, projected to be completed in the summer of 2011.

# THE BUDGET

*Peggy Schaefer, Director, welcomes everyone to the Academy's Open House and ribbon cutting for the newly renovated gymnasium.*

# BUDGET REPORT

As the 2009-2010 fiscal year started, an authorized budget was not in place and there were continued restrictions on travel. In addition, a freeze on hiring remained in place. The outlook for the new fiscal year looked somewhat better; however, a high level of uncertainty remained. A memo from the State Budget Officer in August reduced monthly allotments to state agencies by five percent, requiring them to transfer this amount to a reserve account. Only minimal purchases of supplies were made during the first quarter of this fiscal year. The Academy lost four vacant positions.

During the second quarter of this fiscal year, the Academy finally received an authorized budget. Restrictions to travel, supplies, and equipment were lifted in October. The Department of Justice (DOJ) financial staff visited both campuses in November and introduced the new internal auditor for DOJ. Capital projects and future needs were discussed in meetings. A meeting with an Office of State Budget and Management (OSBM) official in October was held to discuss monies available in Repair and Renovation Bond funds. OSBM approved two projects and the Joint Government of Operations Committee of the Legislature allocated the Academy repair money for the West Campus boiler system at \$204,000 and renovation money for the Annex Building at the East Campus at \$788,000. The Academy applied for two

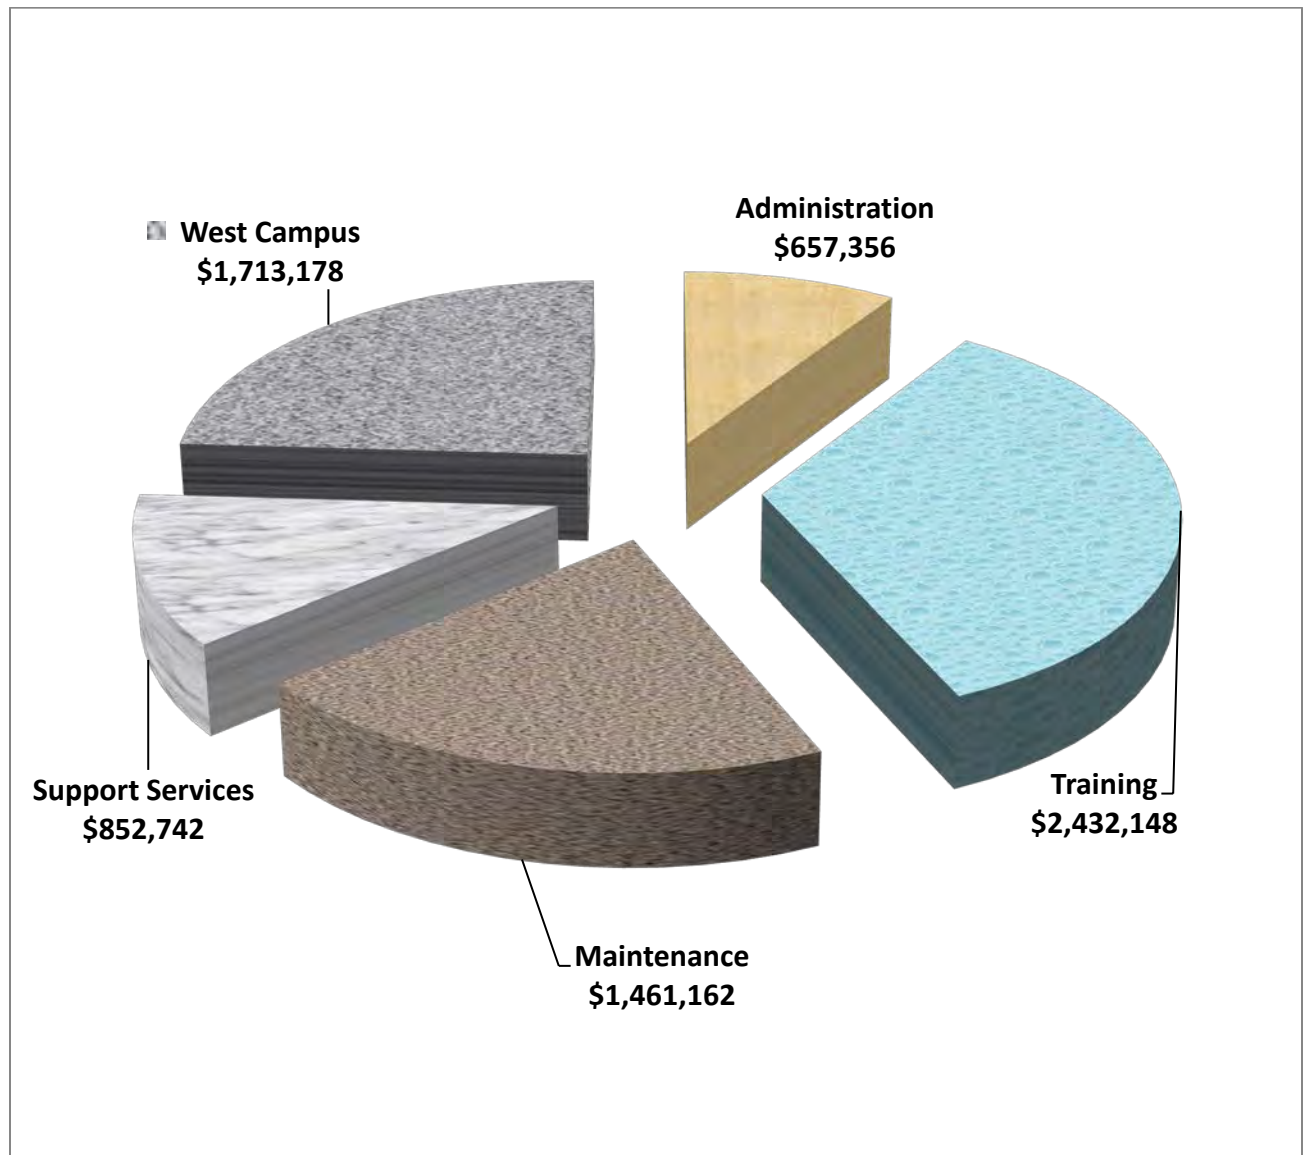

grants with the Governor's Crime Commission (GCC).

The Academy was able to continue to make purchases during the third quarter of this fiscal year including four new metal shelters for the firing range at the East Campus through Concealed Carry Handgun (CCH) funds, 75 new replacement chairs for the classrooms and Safloks for the dormitory rooms at the West Campus. The Academy was awarded a grant from the GCC for \$178,000 over two years for Forensic Investigation of Child Abuse and Neglect training. Two of the supervisory vacant positions were able to be filled. The gymnasium renovations at the East Campus were almost completed, and classes in the building resumed the first week of January 2010.

As the final quarter of this fiscal year was winding down, the year-end closeouts proceeded normally. The final inspection of the gymnasium was conducted and signed off on May 6, 2010. Renovations to the Annex Building began this quarter. Final meetings about the construction of the Indoor Firing Range at West Campus were held and the project is about ready to begin. The DOJ budget was reduced for the fiscal year 2010-2011 by \$1.237 million recurring and \$1.325 million non-recurring. This will be a reduction in various Academy line items for the next fiscal year.

# GRANTS

## **#2557, Traffic Enforcement**

This grant was awarded from the Governor's Highway Safety Program. This grant addressed three major concerns. First, it was necessary to provide recently approved RADAR/LIDAR instruments for classroom training. This grant also addressed the increase in motorcycle ownership as well as an increase in traffic crashes involving motorcycles. This grant also helped in the fight against illicit drug trafficking on the state's highways.

## **#2465, Victims of Violence LMS**

This grant was the second year funding of a grant that was awarded in 2008 by the Governor's Crime Commission. This grant continued the expansion of on-line training in the area of crime victim services. Further course offerings in the area of Domestic Violence and Investigating Crimes in Long Term Care were funded by this grant. Additional courses were created in the areas of investigating child abuse, domestic violence in lesbian, gay, bisexual and transgender relationships, and human trafficking. The courses provide the basic information that responding officers need to begin investigating each of the above crimes.
